

**Request to Withhold Release of Information to Military Recruiters
By Secondary Student**

Federal law requires the district to provide military recruiters with secondary students' names, addresses and phone numbers unless the student or the student's parent requests that this information not be released to military recruiters. These categories of information are also among those that the district has designated "directory information" that may be disclosed without consent unless a parent or eligible student (student age 18 or older) objects to the disclosure.

Pursuant to 20 USC §7908(a)(2), the district will accept requests to withhold release of information to military recruiters from secondary students who have not yet reached the age of 18 unless the student's parent instructs the district not to honor the student's request.

A secondary student who has not reached the age of 18 may use this form to request that the student's directory information not be released to military recruiters or may submit a separate written request to the Superintendent's office.

I request that my directory information not be released to military recruiters.
